paingone

Fast, effective pain relief

Our mission: To be the *global leader* in drug-free pain relief health and wellness products

A person wearing a blue jacket and black pants is standing in a grassy field, stretching their arms upwards with their hands clasped. They are holding a smartphone in their right hand. The background shows a rolling landscape with a forest of trees in autumn colors.

Paingone offers a range of consumer health products using a 20-year advancement in TENS technology, for pain relief wherever you are, whenever you need it.

HELPING YOU GET BACK TO YOUR BEST

WE ARE PAINGONE

We have developed a range of drug-free pain relief solutions for the consumer market and sold 2 million + products.

Our management team is dedicated to delivering the best partner service and support, as well as great products.

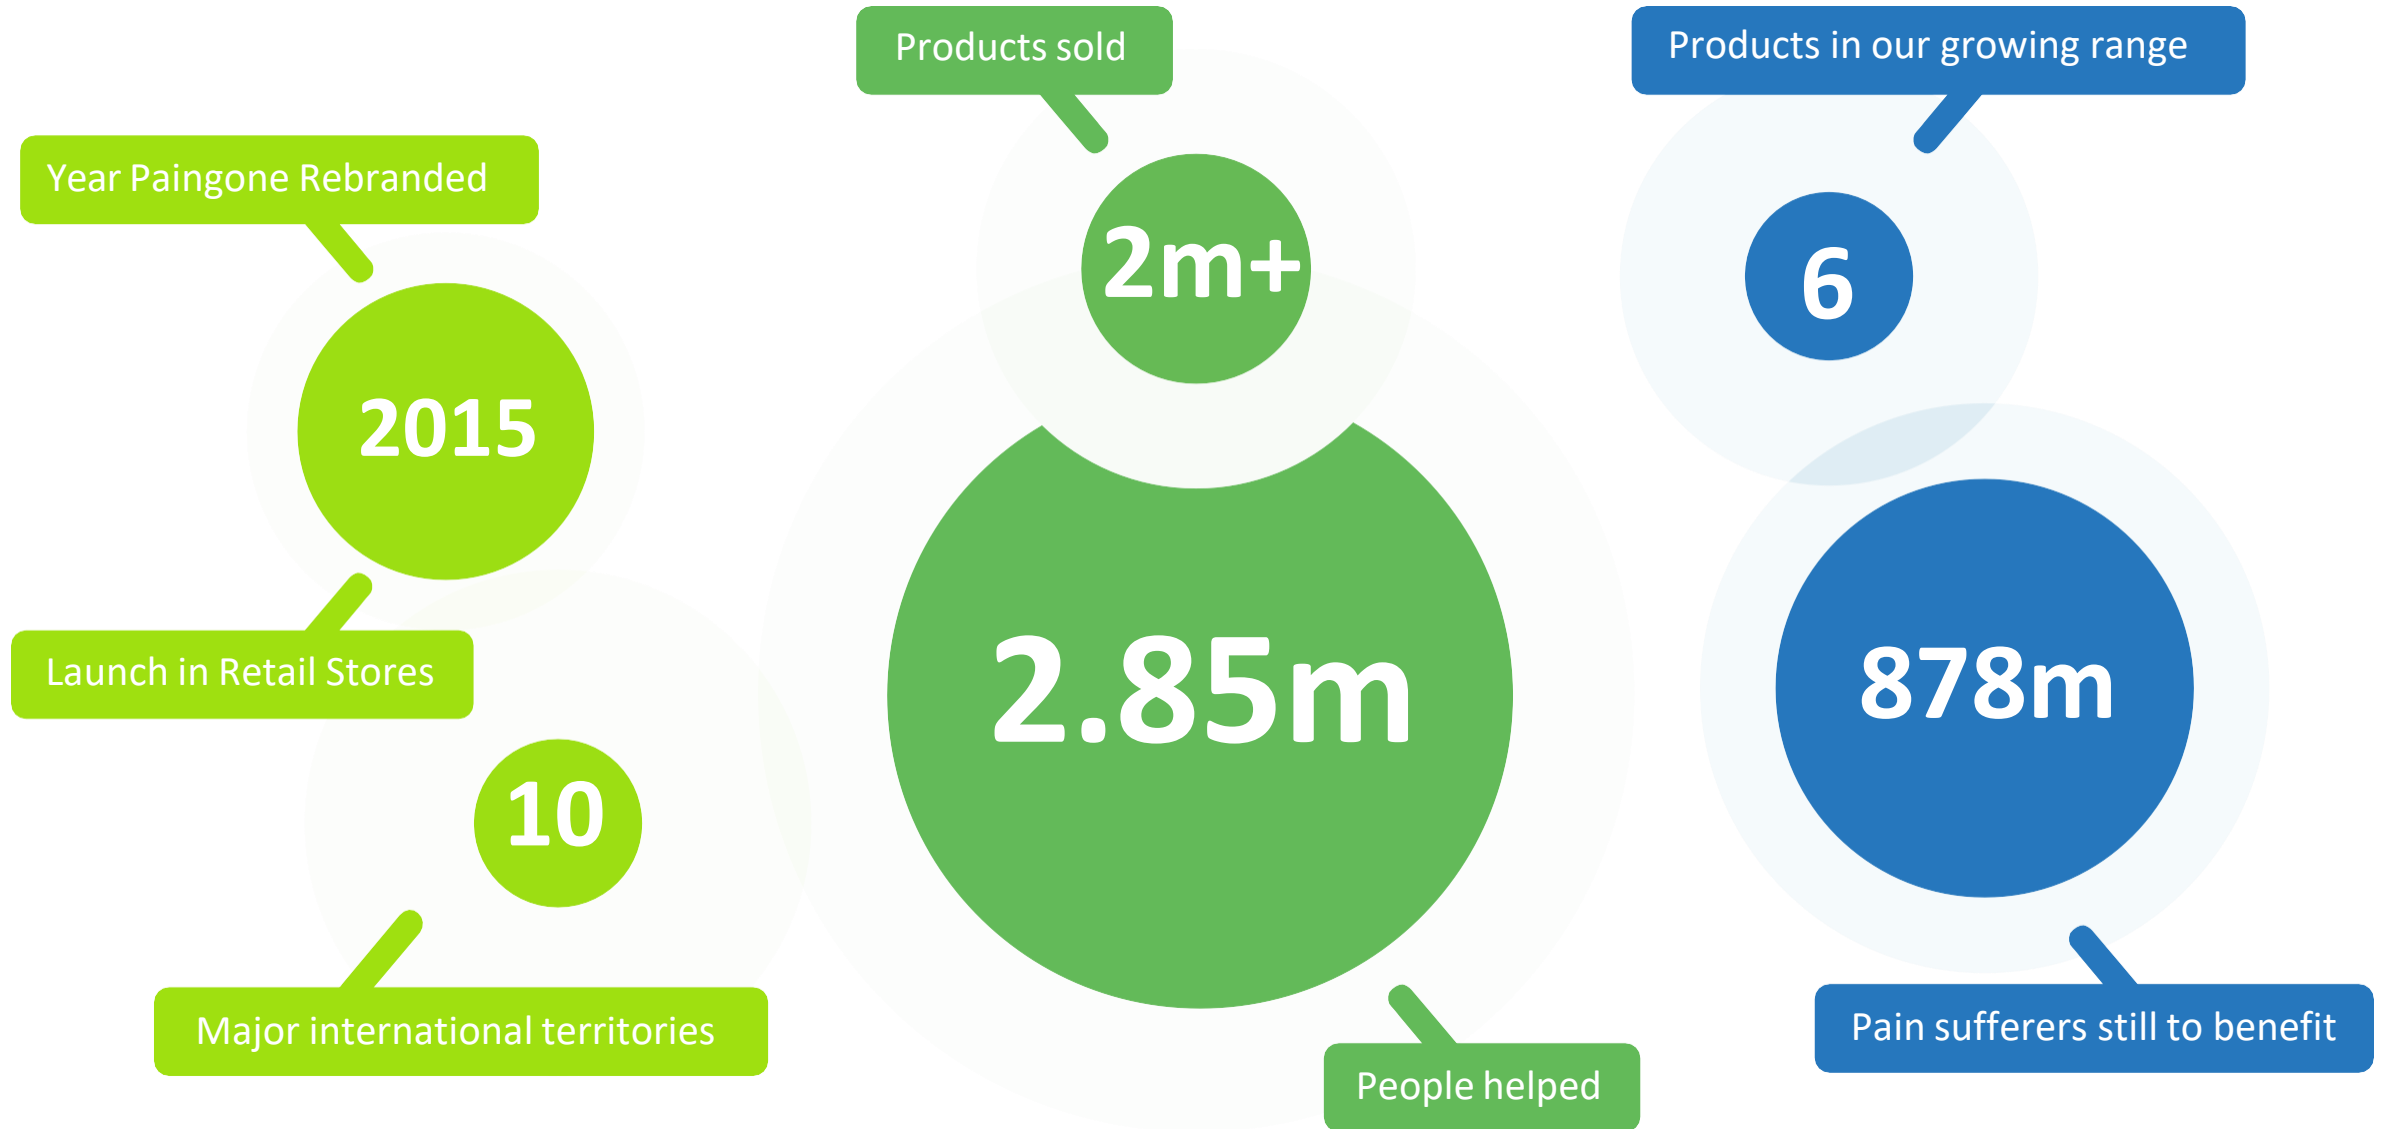

With EU, UK and US warehousing, we are able to supply orders quickly and on demand from our held inventory.
(subject to volumes)

Having proven results in multiple channels, our digital asset and marketing team can help maximize our partner sales

- Those aged 16 and above, that are having menstrual periods

Key Features

- Powerful stimulation, with 35 intensity levels
- Provides immediate relief
- Big 500mah rechargeable battery, lasts all day and night
- Sits discreetly under clothing
- Stays in place even during activity
- Integrated screen lets you see intensity and battery level
- Changeable coloured skins to personalise your device

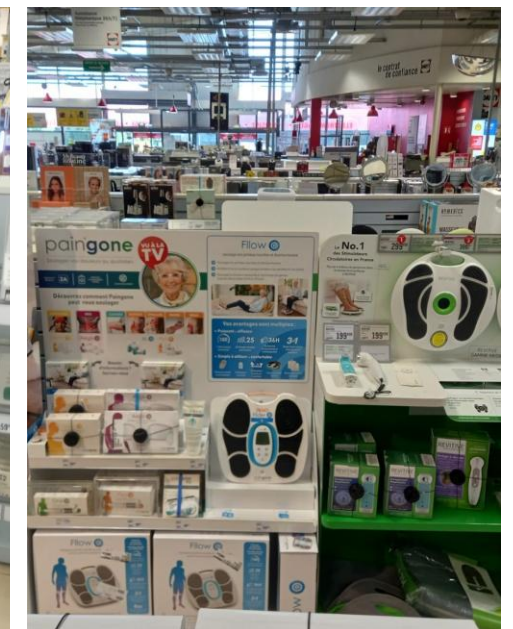

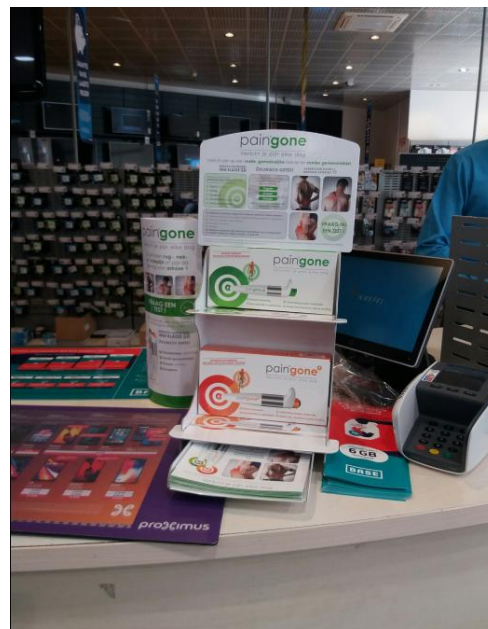

A winning formula online and offline

Paingone has been equally successful offline as online. The Paingone range is sold through major consumer electronics stores, pharmacies, mobility and rehabilitation stores.

Several items in the range are ideal for in-store demonstrations where customers can try the product for themselves. As many as 7 in 10 people who try Paingone Plus in store go on to purchase the device.

Ask us for details of our in-store promotional models and how we can help you enjoy the same success.
